

PET FOOD BANK LIABILITY WAIVER

I, the pet owner, understand that animals need to be switched to new foods slowly by gradually introducing the new food mixed into the old food over a period of 7-14 days. I understand that by not doing this, there is a greater risk for my pet to get gastrointestinal upset.

By accessing the Public Pet Food Bank, I agree to not hold Parachutes for Pets; Parachutes for Pets staff, Board of Directors, contractors, or volunteers; or food supplies responsible for any illness or concerns that may arise from feeding my pet food supplied by Parachutes for Pets.
